### UNITS OF CREDIT/ACADEMIC STANDING

Credit for academic work in the University is evaluated in quarter units, except for the School of Law and the School of Veterinary Medicine, which are on the semester system. One quarter unit represents three hours of work per week by the student, including both class attendance and preparation. Laboratory and discussion sections may or may not be given unit value. To convert quarter-to-semester units, multiply by 0.666; from semester-to-quarter units, multiply by 1.5. Undergraduate students are considered in good academic standing if they: 1) maintain quarterly and cumulative grade point averages of 2.000 or greater; and, 2) maintain the required minimum progress standards. Graduate and professional school students with scholarship deficiencies are subject to action at the discretion of their respective deans.
